2009 Internet Telephony Conference & EXPO East  
Managed SIP Trunking  
February 2, 2009**

**Greg Rothman  
Director, SIPconnect Development  
Greg.Rothman@cbeyond.net**

# Agenda

---

- **Introducing Cbeyond - Managed VoIP Service Provider**
- **Managed SIP Trunking – Layer 3 QOS**

# The Cbeyond Story...

***“We founded our company in 1999 with a simple mission: to deliver ‘big business’ communication tools to small businesses at prices they can afford and that we can deliver profitably.”***

**- Jim Geiger, CEO**

- Publicly Traded: CBEY (NASDAQ)
- Private, managed VoIP network
- 42,463 businesses on-net (Q4 Announcement on 1/7/09)
- Ranked 22<sup>nd</sup> Fastest Growing Company in North America\*

# BeyondVoice with SIPconnect

- Using Beyondvoice with SIPconnect a PBX connects with Cbeyond using the same Ethernet connection as a user's PCs. No TDM gateway is required.
- Analog ports are still available for fax, modem or basic analog line requirements.

# Conclusions and Next Steps

---

- **SIP Trunking when implemented with Layer 3 QOS is a true POTS replacement**
- **Additional features are available and voice quality is as good if not better**
- **To learn more, stop by the Cbeyond Booth (#827)**
