

Ingate Systems, a pioneer in SIP trunking, now brings new important technology and products to WebRTC.

Come and see the Primo Connect Service at Ingate's Booth #26

THE MESSAGING APP THAT COVERS THE GLOBE.

USE PRIMO LIKE A PHONE

Primo is a free alternative to an expensive monthly phone service. Get a dedicated personal number, free inbound talk & text, plus free international calls to 30 countries.

MORE ABOUT PRIMO

- Available on iOS & Android. Works across smartphones & tablets
- WebRTC and HD Voice provide exceptional voice clarity
- Ability to call any mobile, landline, or other Primo user
- Include US number to allow calls from any phone to be received via the app (globally) with just a Wi-Fi connection
- Monthly free minutes to call mobiles and landlines in 33 countries (covering a population of 4 billion people)

A Core Application for the Ingate WebRTC & SIP Companion

Old telephone network is not the core anymore. It's just for interop.
